Yachats (say YAH-hots) is a word derived from native languages.

Nestled between lush forested mountains and rhythmic Pacific surf, the little village of Yachats opens a window to the environment. It is a magical place for a restful getaway, outdoor adventure, exploration, and romance.

Its mild climate (temperatures ranging from 40 to 70 degrees), unspoiled natural beauty and friendly atmosphere have made Yachats a favorite all-season destination.

Come stay for a day, a week, or a month and feel like a local. As many others have discovered, this little village with the big outdoors will become the place you’ll want to return to again and again.

You’ll Find Beauty & Solitude...
...and quite possibly an agate or two!

The stunning setting and eclectic charm of this tiny resort village (population 800) offer vacationers a natural retreat from the hustle of city life and a welcome alternative to the impersonal quality of a large coastal community.

Miles of crowd-free sandy beach and private coves invite exploration, play, and photography. Basaltic headlands and rocky promontories display some of the most powerful surf action in the world, especially during our dramatic winter storms.

Cape Perpetua Scenic Area just south of town includes spectacular viewpoints and the highest point you can drive to on the coast. A short trail from the Overlook parking lot to the historic stone lookout rewards visitors with an unsurpassed panoramic ocean view that includes Oregon’s largest marine reserve.

The US Forest Service maintains 26 miles of hiking trails, a 6-mile mountain biking loop, an interpretive visitors center, and a campground at Cape Perpetua. There are additional FS and State Park trails and campgrounds, seasonal interpretive programs and speakers, private RV parks, and numerous day-use parks, including three within city limits.

Two in-town day-use parks are linked by the historic 804 Trail that follows the village coastline north to a 7-mile stretch of sandy beach. The 804 also links to the Ya’Xaik Trail, which explores lush second growth forest and a public footpath in the Gerdemann Botanic Preserve. The landmark Amanda Trail connects the coastline to the summit of Cape Perpetua.

North and south of Yachats is a network of routes for casual to seasoned adventure cyclists, coastal fat biking, and the annual Gravel Epic bike race. All summer, opportunities for kayaking and other water sports may be found on nearby rivers, bays, creeks and lakes.

Stay, Dine & Shop
with options for every taste and budget

Yachats has accommodations to fit every need, from cozy rooms and housekeeping cottages to resort and spa complexes. Several Yachats area facilities are available for weddings and special events.

Find artisan bakeries, small cafés and a coffee roaster, an ice cream parlour, family dining, pubs and a brewery, lounges, and dinner houses with vintage wines. Many places feature local live music and other arts.

Village shops and art galleries offer enticing finds from clothing and accessories, musical instruments, books, home décor, tools, toys and collectibles to superb regional arts and crafts.

As a visitor or resident, you will find the people of Yachats warm, friendly and hospitable.

The Yachts shoreline is part of the North Marine Protected Area (MPA). The Cape Perpetua Marine Reserve with MPAs is the largest marine reserve network in Oregon. Visitors here have opportunities for scenic and wildlife viewing, hiking, and guided outdoor, stewardship, and community science activities. A speakers series is presented in winter.

It’s A Place For All Seasons
with ongoing and annual events

The Yachts Original Arts and Crafts Fair, held in early spring, features works of approximately 70 selected artisans from the Pacific Northwest. Oregon’s Spring Whale Watch the following week includes interpreters posted at viewpoints in the Cape Perpetua Scenic Area.

The Oregon Coast Honey Lovers Festival in April offers the opportunity to taste a variety of locally produced honeys and meads, as well as a chance to learn about beekeeping, pollinators and attracting pollinators to the garden. The Fourth of July is celebrated with the whimsical la de da Parade, followed by an afternoon of summer food, games, art and entertainment, and a world class fireworks display at sundown over the Yachts bay.

The harvest season brings the Yachts River Valley Farms Tour in August. In mid-October all fun guys and fun gals are invited to the Yachts Village Mushroom Fest for fabulous wild forest mushroom cuisine, expert led walks, talks, exhibits, and workshops, culinary mushroom markets, and local music and entertainment.

The Yachts Celtic Music Festival in November is a celebration of Celtic music, featuring concerts, workshops, jam sessions and a Céili/Céilidh, vendors, gourmet food, and whiskey tasting.

Yachts Winter Celebration fills December with cultural events, and the final week coincides with Winter Whale Watch. The Yachts Agate Festival in mid-January includes vendors, speakers and fun educational exhibits. The Yachts Lions offer a delicious Crab Feed in late January.

Visit our websites or call for information about these and many other annual, ongoing and one-time events.
