## *The Bog Maiden*, by David Pilz

David Pilz' novel, *The Bog Maiden*, is "A supernatural romance served with a layered and aged mushrooms-of-immortality sauce." David says that he and his co-author, George McAdams, captured the spore for this novel over good wine and a campfire on the southern Oregon coast in May 2001, and that Sporocarps (subsequent novels) are now in stages of research. Prepare to be entertained.

You may purchase the novel online [here](http://pilzwald.com) (pilzwald.com) for \$10 and have it signed by David.
